WEDNESDAY, OCTOBER 18th, 2017 LOCAL NEWS AS REPORTED BY KDWA RADIO

GO BOND RATE SET: The City Council of Hastings adopted Resolution 10-04-17 to approve the sale of \$1,075,000 in General Obligation Improvement Bonds during the City Council meeting of October 2nd. Paul Steinman, from Springfield Financial Advisors, reported to the Council that there were five bidders for the bonds, and the winning bid came in at a true interest rate of 1.84%. The bond was actually reduced to \$1,015,000 to reflect a premium. City Staff was thanked for continued work in maintaining the City's credit rating at AA Stable.

BACK HOME AGAIN: Relief on behalf of the family, friends, co-workers, teachers and community members who gathered to distribute flyers and search for a missing Hastings woman. Amanda Olson was located and returned to her family safe more than 5 days after she was reported missing. The family thanks anyone who took time to be a part of the effort .

GET YOUR GOBBLE ON: Registration has now opened for Gobble Gait 2017, the 20th anniversary of the holiday fundraiser, which benefits Hastings Family Service taking place on Thanksgiving morning, Thursday, November 23rd. Early, Standard and Late Registration guidelines and costs can be found on the KDWA.com website in the Community Events Section. Individual and Family registrations for Early Turkeys will end November 7th, Standard registration through November 21st and Late registration anytime after November 22nd.

YMCA OFFERS OPTIONS: Personal training is now offered at the YMCA according to trainer Dawn Foss. During the MEA break, the Y will also offer drop in camps for kids of all ages. MEA takes place on October 18-20 for District #200. Drop in or view online to register.

DUMB CRIMINAL: A Boise, Idaho teen planned to create some vacation time by calling in a fake threat to his principal saying students would be in danger if they didn't leave the building before 3rd period. When asked what kind of threat was implied, Daniel Gronseth, 17, said that an explosive had been made McGyver style and would detonate if disturbed. He then bragged how he made it, using ingredients from the Chemistry room. A poor student, the principal realized the weapon couldn't actually work and convinced Gronseth to show them where the experiment was located. Grade- FAIL.
